- _____ Provision 2: Base Year 20____ - 20____

The SFA/LEA accepts responsibility for providing free and reduced price meals to eligible children in the schools under its jurisdiction.

I. Free Meals - Serve meals free to children in households that submit a complete household application and the household income is at or below the free limit of the income eligibility guidelines or the household provides a current SNAP case number, and to all categorically eligible students on the direct certification list, foster children list, migrant list, homeless list, and runaway list maintained by the school district. (Foster children are categorically eligible for free meals and may be included as family members of the foster family if the foster family chooses to also apply for benefits for other children. Including children in foster care as household members can help other children in the household qualify for free or reduced priced meals. If the foster family is not eligible for free or reduced price meal benefits, this does not prevent a foster child from receiving free meal benefits.)

II. Reduced Price Meals - Serve meals at a reduced price to children from households that submit a complete income application and the household income is within the reduced price limit income eligibility guidelines.

III. Limit Reduced Price Costs - Set reduced price charges for lunch and breakfast at or below the maximum reduced price allowed by regulation (\$.40 for lunch, \$.30 for breakfast) and below the full price of the lunch or breakfast.

IV. Duration of Eligibility - Eligibility status of students will be honored for the entire fiscal school year except when:

- The original eligibility certification of household was incorrect.
- The verification of a household's eligibility does not support the benefits being received.

V. Equal Treatment - Ensure no physical segregation or any other discrimination against any child because of his/her inability to pay the full price of the meal. The names of the children eligible to receive free or reduced price meals shall not be published, posted, or announced in any manner, and there shall be no overt identification of any such children by use of special tokens, tickets, or any other means. Further assurance is given that children eligible for free or reduced price meals shall not be required to:

- work for their meals,
- use a separate dining room service area,
- go through a separate serving line,
- enter the dining room through a separate entrance,
- eat meals at a different time, or
- eat a meal different from the one sold to children paying the full price.

VI. Nondiscrimination - Operate the school nutrition programs in accordance with federal law to prohibit discrimination so that no child shall be discriminated against because of race, sex, color, national origin, age, or disability.

VII. Disclosure - To prevent the disclosure of confidential free and reduced price eligibility information, the SFA/LEA will adopt all measures stated in 7 CFR 245.6(f-k).

VIII. Verification - Verify eligibility of applicant households in accordance with program regulations and annually maintain records as follows: (1) Verification Collection Report (FNS-742) – which includes a summary of verification efforts, number of total applications on file by October 1st and the number of applications verified, (2) documentation of any changes in eligibility and the reasons for the changes on the Application Tracker, (3) all relevant correspondence between the household selected for verification and the school food authority or school, and (4) all verified applications must be readily retrievable by school and must include all documents submitted by the household in an effort to confirm eligibility, reproductions of those documents, or annotations made by the determining official which indicate the type of document used, the income shown on the document, the time frame of the document, and the date of the document.

Compliance with these requirements will be monitored by the State agency as part of its monitoring reviews.

IX. Appeal and Hearing Process - Establish and use a fair hearing procedure under which a household can appeal a decision made by the school food authority with respect to the household's application for benefits and/or any subsequent reduction or termination of benefits. During the appeal and hearing, the child who was determined to be eligible based on the information provided on the application will continue to receive free or reduced price meals. Households appealing a reduction or termination of benefits as a result of verification of eligibility will continue to receive benefits if they appeal within the 10-day advance notice period. Prior to initiating the hearing procedure, the school official or the parents or guardians may request a conference to provide an opportunity to discuss the situation, present information, and obtain an explanation of data submitted on the application and the decisions rendered. Such a conference shall not in any way prejudice or diminish the right to a fair hearing.

The name and title of the designated hearing official is listed on the Child Nutrition Contact Information attachment to this Policy Statement.

The designated hearing official shall ensure that the hearing procedure provides the following for both the household and the school food authority:

- a publicly announced, simple method for making an oral or written request for a hearing;
- an opportunity to be assisted or represented by an attorney or other person;
- an opportunity to examine, prior to and during the hearing, the documents and records presented to support the decision under appeal;
- reasonable promptness and convenience in scheduling a hearing and adequate notice as to time and place;
- an opportunity to present oral or documentary evidence and arguments supporting a position without undue interference;
- an opportunity to question or refute any testimony or other evidence and to confront and cross-examine any adverse witness(es);
- that the hearing be conducted and an official who did not participate in the decision under appeal or any previous conference make the decision. It is recommended that the hearing official hold a position at a higher administrative level than the determining official;
- that the decision of the hearing official be based on the oral and documentary evidence presented at the hearing and entered into the hearing record;
- that the parties concerned and their designated representatives, if any, be notified in writing of the decision;
- that for each hearing a written record be prepared that includes: the decision under appeal, any documentary evidence, a summary of any oral testimony presented at the hearing, the decision of the hearing official and the reasons for that decision, and a copy of the notification to the parties concerned of the hearing official's decision; and
- that such written record must be retained for a period of 5 years after the end of the Federal fiscal year to which it pertains. These records must be made available for examination by the parties concerned or their designees at any reasonable time and place during such period.

Households that are directly certified must be provided a notice of eligibility. This notice of eligibility letter is included in the Forms and Letters attachment to this Policy Statement.

Develop and distribute to each household a notice about program benefits and an application form for free and reduced price meals. These forms shall be distributed at or about the beginning of each school year and whenever there is a change in eligibility criteria.

The notice to households with the meal application attachment shall have only the income eligibility guidelines for reduced price meals with an explanation that households with incomes at or below the reduced price guidelines may be eligible for either free or reduced price meals. The notice to households is part of the Free and Reduce Price Meal Application attachment to this Policy Statement.

Interested households are responsible for filling out the application and returning it to the school for review. The SFA/LEA shall maintain documentation of eligibility determinations for a period of 5 years following the end of the Federal fiscal year to which they pertain, or longer when there are unresolved audits or reviews pending.

Applications may be submitted at any time during the year. Households enrolling a child in a school for the first time shall be supplied with appropriate meal application materials regardless of the time of year the child is registered. If a child transfers from one school to another under the jurisdiction of the same SFA/LEA, his/her eligibility for free or reduced price meals will be transferred to and honored by the receiving school. If a child transfers from one school district to another school district, a copy of his/her eligibility for free or reduced price meals may be transferred to the receiving school. All applications must be readily retrievable by school.

The SFA/LEA shall promptly notify households of the approval or denial of their application(s). Children will be served meals immediately upon the establishment of their eligibility. The notification of meal benefits letter is part of the Forms and Letters attachment to this Policy Statement.

When an application is denied, households will be provided written notification that shall include: (1) the reason for the denial of benefits, e.g., income in excess of allowable limits or incomplete application; (2) notification of the right to appeal; (3) instructions on how to appeal; and (4) a statement reminding households that they may reapply for free and reduced price benefits at any time during the school year. The reasons for ineligibility shall be properly documented and retained on file at the school or SFA level for a period of 5 years after the end of the Federal fiscal year to which they pertain.

XV. Collection and Accountability - Establish a procedure to collect money from children who pay for their meals and to account at the point of service for the number of free, reduced price, and full price meals served to eligible children on a daily basis. Procedure should also include a description of how the SFA/LEA prevents overt identification of meal eligibility status when selling competitive foods during the meal service in the cafeteria. The collection procedure will be used so that no child in the school will be aware of such procedure or the identity of the children receiving free or reduced price meals. The Meal Count and Collection Procedures attachment to this Policy Statement provide the procedures used at each school within the SFA/LEA for both breakfast and lunch.
